In that connection, for the purpose of securing ensuring that Independent Committee will make judgment to facilitate to procure and enhance the corporate value and common interest of shareholders of the Company, Independent Committee may obtain advices of third parties independent from management of the Company engaged in executing business of the Company at the Company’s cost (including investment bank, securities company, financial advisers, certified public accountant, lawyer, consultant or other professionals). In the event that Independent Committee made recommendation of item (i) or (ii) below to the Board of Directors of the Company, the Board of Directors of the Company will promptly disclose the fact that recommendations issued and the summary thereof and any other matters deemed appropriate by the Board of Directors of the Company.

- (i) In the event that Purchaser and the Like did not comply with the procedure provided for in this Plan:

In the event that Purchaser and the Like did not comply with the procedure provided

in this Plan, Independent Committee will in principle make recommendations to the Board of Directors of the Company to trigger Defense Measure.

- (ii) In the event that Purchaser and the Like complied with the procedure provided for in this Plan:

In the event that Purchaser and the Like complied with the procedure provided in this Plan, Independent Committee will in principle make recommendation not to trigger Defense Measure.

Provided, however, that in the event that the procedure provided for in this Plan was complied with, Purchase Action is deemed to fall under any of the patterns in which Purchase and the Like would prejudice materially the corporate value and common interest of shareholders of the Company as stated in Attachment 3, Independent Committee may make recommendation to trigger the Defense Measure as exception hereto.

- ⑥ Resolution of the Board of Directors:

The Board of Directors of the Company will to the fullest extent respect the recommendation made by Independent Committee provided in paragraph ⑤, and adopt a resolution of whether or not to trigger Defense Measure speedily on the basis of the recommendation from the viewpoint of securing and enhancing the corporate value and common interest of shareholders of the Company.

In the event that the Board of Directors of the Company adopts a resolution, regardless of whether or not triggering a Defense Measure is recommended, it will promptly disclose the summary of the resolution and other matters deemed appropriate by the Company's Board of Directors.

- ⑦ Cessation of Defense Measure or Withdrawal of Triggering:

After resolving upon triggering Defense Measure, or triggering Defense Measure pursuant to the procedure aforementioned in paragraph ⑥, in the event that (i) Purchaser and the Like cease Large Purchase and the Like, or (ii) the factual situation resulting in the judgment of triggering the Defense Measure or not deviated and then deemed reasonable to discontinue the Defense Measure from the viewpoint of securing and enhancing the corporate value and common interest of shareholders of the Company, the Board of Directors of the Company will cease Defense Measure or withdraw triggering Defense Measure in accordance with recommendation of Independent Committee or regardless of recommendation or the details of recommendation.

In the event that the Board of Directors of the Company adopts the aforementioned resolution, the Board of Directors of the Company will promptly disclose the summary of the resolution and the other matters deemed appropriate by the Board of Directors of the Company.

- ⑧ Commencement of Large Purchase and the Like:

Purchaser and the Like shall comply with the procedure provided for in this Plan, and shall not commence to conduct Large Purchase and the Like prior to resolution for triggering or not triggering Defense Measure adopted by the Board of Directors.

- (2) Details of Defense Measure of this Plan:

If and when Defense Measure pursuant to resolution stated in paragraph (1)⑥ above is triggered, the Board of Directors of the Company will in principle make a *Gratis* Allotment of a stock acquisition right to shareholders of the Company (hereinafter referred to as "Stock Acquisition Rights").

The summary of *Gratis* Allotment of Stock Acquisition Rights is stated in Attachment 4, "Summary of *Gratis* Allotment of Stock Acquisition Rights".

The Board of Directors of the Company may determine to cease Defense Measure or withdraw triggering Defense Measure as stated in paragraph (1)⑦ above even if it resolved upon triggering Defense Measure or it triggered Defense Measure. For example, after the

Board of Directors of the Company resolved upon *Gratis* Allotment of Stock Acquisition Rights upon triggering Defense Measure, if Purchaser and the Like ceased Large Purchase and the Like and the Board of Directors of the Company adopted resolution stated in paragraph (1)⑦, it may nullify the *Gratis* Allotment of Stock Acquisition Rights prior to the ex-right day (not inclusive) relating to the allotment date fixed for the *Gratis* Allotment of Stock Acquisition Rights or the Company may acquire Stock Acquisition Rights free of charge from shareholders during the period from the effective date for the *Gratis* Allotment of Stock Acquisition Rights to the date prior to the commencement date of the exercise period of Stock Acquisition Rights.

(3) Effective Period, Abolishment and Amendment of this Plan:

In the event that shareholders approve this Plan at this General Meeting of Shareholders of the Company, the effective period of this Plan will expire at the closing of the Ordinary General Meeting of Shareholders scheduled to be held in June 2017.

However, in the event that resolution amending or abolishing this Plan is adopted at the General Meeting of Shareholders of the Company prior to the end of such effective period, this Plan will be amended or abolished pursuant to such resolution at the time the resolution is adopted. If the Board of Directors consisting of Directors elected at the General Meeting of Shareholders of the Company adopts resolution to abolish this Plan, it will be abolished at the time of such resolution.

The Board of Directors of the Company may amend or change this Plan upon approval of Independent Committee to the extent necessary for formal changes to reflect the changes made to the Companies Act, Financial Instruments and Exchange Act, other laws and ordinances or the rules of the Financial Instrument Exchanges or changes in interpretation or operation of the aforesaid or changes in the taxation system or court cases. On the other hand, in the event that the Board of Directors of the Company makes such a change in the Plan as affects substantially shareholders of the Company, the change shall be referred to the General Meeting of Shareholders to be held immediately thereafter for approval of shareholders.

In the event that this Plan is abolished or amended, the Company will disclose fact of the abolishment or amendments and details of changes (in case of changes) and other matters deemed appropriate by the Board of Directors of the Company.

3. Reasonableness of this Plan

(1) Satisfying Requirements of Guidelines relating to Takeover Defense Policy:

This Plan satisfies all of the three principles provided in the “Guidelines Regarding Takeover Defense for the Purposes of Protection and Enhancement of Corporate Value and Shareholders’ Common Interests” released by the Ministry of Economy, Trade and Industry and the Ministry of Justice on May 27, 2005, namely, securing and enhancing the corporate value and shareholders’ common interests, prior disclosure and the principle of upholding the shareholders’ intent, and necessity and suitability principle. Also, this Plan is in accordance with the idea shown in the “Takeover Defense Measures in Light of Recent Environmental Changes” published by the Corporate Value Study Group on June 30, 2008.

(2) This Plan being introduced for the purpose of securing and enhancing the corporate value and common interest of the shareholders of the Company:

As stated in paragraph 1 above, this Plan is proposed to continue for the purpose of securing and enhancing the corporate value and in turn common interest of its shareholders, when Large Purchase and the Like is conducted, through securing information and time period necessary for the shareholders to decide whether or not Large Purchase and the Like is appropriate and through enabling the Board of Directors of the Company to present an alternative plan or negotiate with Purchaser and the Like on behalf of the shareholders.

- (3) Placing emphasis on the shareholders intent:

This Plan is proposed to continue subject to approval of shareholders at this Ordinary General Meeting of Shareholders. After approval of shareholders at this Ordinary General Meeting of Shareholders, if a resolution is adopted to amend or abolish this Plan at the General Meetings of Shareholders of the Company thereafter, it will be amended or abolished pursuant to such resolution. Accordingly, with respect to the continuation, amendment and abolishment of this Plan, the intent of shareholders will fully be upheld.

- (4) Placing emphasis on judgment of independent external persons and disclosure of information:

For the purpose of excluding arbitrary judgment by the Board of Directors of the Company and enabling resolution and recommendation duly to be made on implementing this Plan, including triggering Defense Measure and the Like, Independent Committee is established as an advisory body to the Board of Directors of the Company.

Independent Committee is composed of three or more members, from among outside Director of the Company, outside Corporate Auditor of the Company, or experts outside the Company (well performed company executive, ex-government officer, lawyer, certified public accountant or person of learning and experience or other person equivalent thereto).

The Company shall, when necessary, disclose to the shareholders the summary of the judgment made by Independent Committee so that the Company will secure a system under which this Plan will be operated with transparency so that it may facilitate the corporate value and common interest of shareholders of the Company.

- (5) Reasonable and objective requirements being set forth:

As stated in paragraph 2(1) above, this Plan is designed so as not to allow Defense Measure to be triggered against Large Purchase and the Like unless the reasonable and specified objective requirements have been satisfied. Accordingly, it is ensured that the Board of Directors of the Company is prevented from arbitrarily triggering Defense Measure.

- (6) Defense Measure not falling under dead-hand type or slow-hand type take-over defense policy:

As stated in paragraph 2(3) above, since the Board of Directors of the Company composed of Directors elected at the General Meeting of Shareholders of the Company may abolish at any time Defense Measure, it is not a dead-hand type take-over defense policy (a defense measure which cannot be prevented from triggering even if the majority of members of the board are changed).

Since the Company does not adopt different terms of offices of Directors, it is not a slow-hand type take-over defense policy (a defense measure which takes a prolonged time to prevent triggering because all Directors cannot be changed at once).

4. Influence affecting Shareholders

- (1) Influence affecting Shareholders and Investors when this Plan is Renewed:

When this Plan is renewed, any *Gratis* Allotment of Stock Acquisition Rights has not been made. Accordingly, the rights and economic value of the shareholders and investors are not directly affected in any respect.

As stated in paragraph 2(1) above, since the Company's responding policy to Purchase and the Like will deviate according to whether or not Purchaser and the Like comply with this Plan, shareholders and investors are requested to keep watching what Purchaser and the Like's conduct.

- (2) Influence affecting shareholders if *Gratis* Allotment of Stock Acquisition Rights is made:

In the event that the Board of Directors of the Company determines to trigger Defense Measure and the *Gratis* Allotment of Stock Acquisition Rights is made, Stock Acquisition Rights will be allotted to shareholders who entered into or recorded in the shareholders'

register on the allotment date for allotment separately designated in the rate of a maximum of two Stock Acquisition Rights per share of common stock held. The Board of Directors will not assume that the shareholders would be affected in terms of their legal rights or economic value since the overall economic value of shares of the Company has not been diluted nor voting rights per share have been changed although the economic value per share was diluted.

However, as a result, Purchaser and the Like may be affected adversely on their legal rights or economic value by triggering Defense Measure.

In the event that the Board of Directors of the Company resolves upon the *Gratis* Allotment of Stock Acquisition Rights, when it is determined that Defense Measure which the Board of Directors of the Company triggered cease or be withdrawn in accordance with the procedure stated in paragraph 2(1)⑦ above, the market price of shares of the Company would be affected accordingly. For example, in the event that after the allotment date for the Stock Acquisition Rights, the Company determined to cease Defense Measure, once determined to trigger, and acquired Stock Acquisition Rights free of charge without delivering new shares in exchange for Stock Acquisition Rights, the economic value per share held by shareholders will not be diluted ultimately. It is noted that investors who consummated to purchase and/or sell shares of the Company on the assumption that the economic value per share of the Company would be diluted, would incur losses and damages arising from fluctuation of the stock price.

In the event that discriminating terms and conditions are attached to the exercise or acquisition of Stock Acquisition Rights, it is assumed that the legal rights and economic value of Purchaser and the Like would be affected in connection with the exercise or acquisition, however, it is not assumed that the legal rights and economic value of shareholders and investors other than Purchaser and the Like would be affected in any direct specified aspect.

(3) Procedure requiring shareholders to follow in connection with *Gratis* Allotment of Stock Acquisition Rights:

Shareholders might be required to exercise Stock Acquisition Rights during the specified period to acquire new shares (in which case, a certain specified amount of money has to be paid).

Provided, however, that in connection with triggering Defense Measure, the Company anticipates that Stock Acquisition Rights will be issued to shareholders on buyback condition, accordingly the Company will deliver to shareholders shares of the Company in exchange for Stock Acquisition Rights as consideration for Stock Acquisition Rights received. In this case, since shareholders other than Purchaser and the Like will receive from the Company shares of the Company for consideration of delivering Stock Acquisition Rights to the Company from shareholders without paying cash equivalent to exercise price of Stock Acquisition Rights, no procedure will be required to be followed by shareholders such as subscription procedure for Stock Acquisition Rights and payment procedure.

In addition, the Company will make a timely and appropriate disclosure or notice in details with respect to a method of allotment, manner of exercise and a method of acquisition of Stock Acquisition Rights by the Company based on applicable laws and ordinances and rules of the Financial Instruments Exchange upon resolution adopted at the Board of Directors of the Company relating to the *Gratis* Allotment of Stock Acquisition Rights. Accordingly, shareholders are requested to confirm the details of the disclosure and notice.

(Notes)

1. The Company holds 36,445 thousand treasury shares, which are not included in the list above.
2. The shareholding ratio is calculated by excluding the treasury shares stated above.

The patterns in which Purchase and the Like would substantially prejudice materially the corporate value and common interest of shareholders of the Company

1. It is judged that Purchaser and the Like have no true intention to participate in the management of the Company, and Purchaser and the Like engage in Purchase and the Like for the purpose of selling shares at high prices to the Company or parties related to the Company by unduly raising the price of the shares of the Company (also known as “Green Mailer”).
2. It is judged that after a temporary control of management of the Company, Purchaser and the Like engage in Large Purchase and the Like for the purpose of enabling Purchaser and the Like to transfer intellectual proprietary rights, know-how, trade secret, principal business partners, and customers, etc. of the Company or the group companies, all of which are necessary for the operation of the Company and the group companies, to Purchaser and the Like and/or its affiliated companies.
3. It is judged that Purchaser and the Like engage in Purchase and the Like of shares with a view to diverting assets of the Company or group companies through mortgages and/or repayments of liabilities incurred by the Purchaser and its group companies, etc. after Purchaser and the Like have control of the management of the Company.
4. It is judged that Purchaser and the Like engage in Purchase and the Like for the purpose of enabling the Purchaser to cause the Company to temporarily pay high returns to the shareholders with proceeds from sales of the Company’s or the group’s expensive assets, etc. such as real estate and securities which are currently not directly related to the Company’s or the Company’s group’s current business or to sell the Company’s shares at such high prices arising from the temporary rise of the Company’s shares due to a temporary high return, etc.
5. It is judged that the shareholders of the Company may be effectively coerced to sell shares of the Company because purchase proposal restricts opportunities and freedom for the shareholders to decide, including but not limited to a two-tier coercive purchase proposal (i.e., at the first stage the entire Company’s shares are not solicited for purchase, but at the second stage, purchase will be consummated at less favorable or unspecified conditions to shareholders, including a tender offer bid).
